Will explained that the Budget this year includes a yearly loan payment amount of \$70,000. This amount is calculated from the remaining \$500,000 balance for the ladder truck. The District had around one million saved via savings, and vehicle replacement funds. The Commissioners still tried to keep the increase low by decreasing line items but did have standard of living and few other general increases. Will asked if anyone had any questions. Michael Imber stated he got his questions answered earlier in the night.

Elio stated the increase of the budget this year will be 4.917%. They really tried to stay under 5%.

Dan Mecozzi motioned to accept such budget. Elio Cavecchia seconded the motion. The vote passed unanimously.

Elio Cavecchia motioned to adjourn the meeting. The motion was seconded by Dan Mecozzi. Motion Passed unanimously.
